

Mango Digital Company Profile

Our Marketing Menu

We are a new type of marketing agency, we call it the Digital Data Agency. We still have everything you expect from a traditional marketing agency but with a tendency to lean towards data, insights, & market feedback.

At Mango Digital, we believe that when practical systems are in place, caring for people becomes caring for many more.

How We Work Together

Our services have been developed using our unique proprietary methods with the intention in mind to maximize value & results. We tend to work on a project basis because that ensures your investment will grow your business. As your marketing advisor, we work hard to ensure that the money you've invested is saving you time, effort, money, and minimizing risk.

Getting started with us is easy as 1, 2, 3...

1. A Quick 15-Min Discovery Call
2. A 1-on-1 Strategy Session (45 minutes)
3. We build out the system & launch!

We deliver results in only 24 to 48 hours (some larger projects may take 5 to 7 business days to deliver).

Social Media & Community Management

Introduce your story to like-minded people, unify all your community engagement opportunities, & continuously grow your audience (that you own forever). We do everything from scheduling your posts to writing captions, to reporting & insights, to community management.

Website Design & Development

Our work empowers businesses to create unique user experiences that captivate, & deliver results. We help people help more people daily. Whether you need a website re-design, a small update like implementing Google Tag Manager, or a complete overhaul of your site- we have you covered.

Lead Generation & PPC Advertising

We create impactful relationships that drive audiences towards achieving your business objectives. Whether you are looking to get market feedback, book appointments, or sell more products- we help you do that & deliver enormous results.

Search Engine Optimization (SEO)

Search engines want to find you, they need your help. We assist in making that happen. Grow your web traffic through our unique proprietary method. We have custom plans for small, medium, and large businesses & to scale with your needs. Your plan may include a website audit, on-page SEO, off-page SEO, link building, submission to search engines, monthly reporting, & more!

Administrative Task Automation

Buried in tasks that are administrative by nature? We know, many of our clients, aka business owners like you, have experienced the same exact problem. We solve this by deploying intuitive & smart administrative automation.

Communication Automation

Too many inbound communications to keep track of? We save you potentially thousands of hours with our intuitive communication automation. We centralize all your consumer interactions into one easy-glance dashboard & automate away 50% or more responses required by you or your staff.

Data Solutions

Are you struggling to manage all your data? We help you streamline the process of digitizing your paper records without the project management headaches. Our program guides administrators in how to streamline the process of converting print records into digital. This is backed by ongoing support, encouragement, and guidance to complete this large, legally required process (in some cases).

Content Marketing

We're a full-service content marketing agency. Great content that generates tangible results is what our content marketing team is all about. We offer blog content creation, social media content creation, ebooks & white papers, infographics & asset design, video production, case studies, website copy, & newsletter/email copy.
